

NATHAN BATAILLE

DESIGN & CONSTRUCTION

I am passionate about the creation of structures and environments that facilitate and inspire mutual understanding, acceptance, and collaboration. Buildings are a medium to make a positive environmental and aesthetic impact in the world.

EXPERIENCE

- 2020 **Designer** | NBBJ
San Francisco, California | nbbj.com
Responsible for the design and presentation of commercial mixed use projects ranging in scale up to 1.6 million square feet. Regularly present material to clients and consultants and ensure smooth project progression.
- 2019 **Fellowship Member** | STEAMplant
Brooklyn, New York | commons.pratt.edu/steamplant
Worked closely with Cristobal Correa, Director at Buro Happold and with Gabrielle Brainard. Set up a thermal comfort sensor network to collect and aggregate data. Created visualization and representations of spatial data. Engineered products to integrate the interdisciplinary studies of science and design.
- 2019 **Senior Editor** | Tarp Digital
Brooklyn, New York | tarpdigital.com
Interviewed Gregg Pasquarelli: Principal SHoP, Michael Maltzan: Principal MMA, Stan Allen: Principal SAA, Robert Somol: Director of Arch U of Illinois, among others. Created, edited, and managed content produced in relation to architectural discourse. Directed teams and coordinated professional interviews.
- 2019 **Graduate Teaching Assistant** | Pratt Institute GAUD
Brooklyn, New York | pratt.edu
Assisted in the instruction of other graduate students and organizing classes.
- Arch 761 Environmental Control Systems | Ben Shepherd: Director Atelier 10
- Arch 762 Materials and Assemblies | Stephen Chu: Design Principal Ennead
- Arch 763 Integrated Building Systems | Cristobal Correa: Director Buro Happold
- 2017 **Architectural Designer/Intern 3** | Dykeman Architecture
Everett, Washington | dykeman.net
Project manager for technical designs spanning proposal, review, and approval process. Provided architectural consultations to five prospective and returning clients. Implemented inter-client and inter-office activities program to build/grow relationships and boost productivity.
- 2015 **Junior Architect** | Walton Design & Consulting Engineering
Beijing, China | wdce.cn/en
Lead teams of 3-10 designers and engineers in large scale projects while ensuring smooth and efficient work flow. Designed broad range of projects from a 260 meter high-rise to a 50 square meter permanent interactive art installation.
- 2012 **Carpentry/Construction** | Alaska
Alaska Renovators King Career Center ZIA Construction
Juneau | 2011-12 Anchorage | 2009-10 Denali | 2009
Carpenter Foreman Laborer
- 2009

EDUCATION

- 2019 **Master of Architecture**
Pratt Institute Graduate Architecture and Urban Design
With Distinction (highest graduation honor awarded by Pratt Institute)
- 2014 **Bachelor of Science: Architecture**
University of Idaho
College of Art and Architecture Dean's List
- 2010
